React Native Developer with 2+ years of experience building and shipping production-ready Android & iOS applications. Specialized in offline-first architecture, RESTful & WebSocket integrations, and modular UI development. ***Contributed independently across 4+ live Play Store & App Store products*** — from understanding existing architecture to end-to-end feature delivery.

PROFESSIONAL EXPERIENCE

React-Native Developer, *Load-Infotech* 01/2025 – present
Jaipur ,India

- **Offline-first architecture:** SQLite + AsyncStorage with real-time API sync & structured error handling.
- **WebSocket layer:** Selective real-time updates across chat, dashboards, and data tables.
- **QR/OTP, PDF/Excel export, media modules:** Dynamic modals with full validations.
- **Delivered stable, scalable modules:** deployed across multiple locations, minimal crash rates.

Internship — MERN Stack, *Global IT Providers* 09/2024 – 01/2025
Jaipur, India

- **Built job portal modules —** authentication, job posting, applicant tracking — using React.js, Node.js, Express & MongoDB.
- **Improved DB query efficiency; version**-controlled sprints via GitHub.

PROJECTS

Gromax, *Client - Mahindra Ltd* 04/2026 – Present

- **Developed Sales & Service modules** for a production-grade dealership management app using React Native.
- **Integrated REST APIs** and built customer workflows, reusable components, and form validations.

Daksh (दक्ष), *Client – RSS / Amrita Prakriti Samwardhan Abhiyan* 11/2025 – 04/2026

- **Android → React Native migration:** Replicated complete app architecture; merged senior's codebase and independently owned 60–68% of feature development.
- **API integration & data tables:** Complex REST integrations with real-time data rendering, filters, and pagination.
- **Reports & PDF export:** Dynamic report screens with Excel/PDF generation and role-based access.
- **Form validation & UI:** Multi-step forms, field-level validations, modular components — production deployed on Play Store.

LoadConnect, *Company - Product* 09/2025 – 02/2026

- **WhatsApp-like chat system —** WebSocket real-time, WhatsApp Business API, offline-first storage, media sharing (images, video, docs).

ABRSM — Teacher Attendance & Verification App, *Client - abrsm.in* 05/2025 – 10/2025

- **OTP login, role-based dashboards,** QR scanning, dynamic ID-card generation, **PDF & Excel export.**

JYB Connect — Dealership Management App, *Client - Jawayezdi Motorcycles* 01/2025 – 05/2025

- **Multi-step dealership app** — SQLite **offline sync,** REST API with error handling & data validations.
